

HERBAVIR

NATURAL ANTI-VIRAL & ANTI-BACTERIAL MEDICINE

Description:

Herbavir is a natural remedy formulated with botanical extracts, especially for the treatment of infectious diseases. Herbal extract used in Herbavir are potential Antiviral & Antibacterial agents.

HERBAVIR contains Botanical extracts that helps in treatment and prevention of viral respiratory infections (VRI). These herbs have very broad activity against respiratory viruses like Rhinovirus, metapneumovirus, coronavirus, adenovirus, parainfluenza, enterovirus, respiratory syncytial virus (RSV), and influenza viruses. Active phytochemicals of herbal extracts, including the flavonoids, terpenoids, lignans, sulphides, polyphenolics, coumarins, saponins, furyl compounds, alkaloids, polyines, thiophenes, proteins and peptides exhibits a high level of antiviral & antibacterial activity.

Herbs have built-in immune-stimulating and inflammation-modulating effects means that they can help prevent immune overreaction (“cytokine storm”) to viral respiratory infections while still helping the immune system cope better with the infections.

Ingredients:

Curcuma longa (Haldi): Its active constituent Curcumin have strong potential against different viruses, bacteria and fungi, including even highly pathogenic, emerging and multi-drug-resistant strains.

Ocimum sanctum (Tulsi) : It exhibits antiviral, antibacterial, anti fungal & immunomodulatory properties. The essential oils like Eugenol of Tulsi leaves produce anti-viral activity.

Azadirachta indica (Neem): A potent Antimicrobial agent (inhibits growth of bacteria fungi & virus) and neem is effective against inflammatory, analgesic, antipyretic activities, and exhibits immunomodulatory activities.

Allium sativum(Garlic) : It acts as antibacterial, antithrombotic, antioxidant & immunomodulator. Allicin- Ajoene content of garlic exhibits potent antiviral activities.

Trachyspermum ammi (Ajwain): It exhibits antimicrobial, antiviral, antitussive & bronchodilatory properties . it is effective on cough, pleurisy and dysphonia. It contains Thymol or Carvacrol that act antiviral , anti fungal bactericidal or bacteriostatic agents.

Piper nigrum (Kali Mirch) : A well-known medicine for diseases of the respiratory tract, viz. cough, chronic bronchitis and cold. It is a strong Antibacterial & Antiallergic herb.

Glycyrrhiza glabra(Mulethi) : It helps to prevent Viral and other microbial infections. Glycyrrhizin & 18 β -glycyrrhetic acid of glycyrrhiza glabra act as potent antiviral agent.

Cinnamomum tamala (Tej Pata): It contains alkaloids, triterpenes, cinnamaldehyde that show antioxidant, anti-inflammatory, antiinflammatory, analgesic, antipyretic, immunomodulatory, immunosuppressive, antimicrobial, and antipathogenic activity.

Boerhavia diffusa : It possesses punarnavoside, which exhibits anti-inflammatory, antibacterial, antistress, anti-asthmatic, Anti oxidant & anti viral properties.

Echinacea purpurea : Act as strong antiviral agent & displays anti-inflammatory activity in virus-infected cells. It helps to prevent discomfort like sneezing, stuffy nose, irritation of mucous membranes, excess mucus production, sinusitis, cough, sore throat, malaise and fever, bronchitis, bronchiolitis, or pneumonia.

Taraxacum officinale: It helps to fight viral infection due to its high polyphenol content .

Papaya (*Carica papaya*): It has anti-dengue, anti-plasmodia, anti-cancer, antibacterial, antiviral hepatoprotection, anti-inflammatory and Antioxidant properties.

Giloy (*Tinospora cordifolia*): Anti-spasmodic, anti-inflammatory, anti-arthritic, anti-oxidant, anti-allergic, anti-stress, anti-leprotic, anti-malarial, hepatoprotective & immunomodulatory.

Jawara (*Sorghum Vulgare*): High in vitamins, minerals,antioxidants like flavonoids, phenolic acids, and tannin

Composition:

Capsule-

Each capsule contains -

Haldi (<i>Curcuma longa</i>) extract (rz.)	150 mg
Tulsi (<i>Ocimum sanctum</i>) extract (lv.)	50 mg
Neem (<i>Azadirachta indica</i>) extract (lv.)	15 mg
Garlic (<i>Allium sativum</i>) extract (bl.)	60 mg
Ajwain (<i>Trachyspermum ammi</i>) extract (fr.)	25 mg
Kalimirch (<i>Piper nigrum</i>) extract (fr.)	15 mg

Mulethi (<i>Glycyrrhiza glabra</i>) extract (rt.)	50 mg
Tej patta (<i>Cinnamomum tamala</i>) extract (lv.)	15 mg
Punarnava (<i>Boerhavia diffusa</i>) extract (rt.)	50 mg
Echinacea purpurea extract (fl.)	50 mg
Kanphool (<i>Taraxacum officinale</i>) extract (pl.)	20 mg
Giloy ((<i>tinospora cordifolia</i>)extract (rt.)	50 mg
Papaya (<i>Carica papaya</i>) extract (lv.)	25 mg
Jawara (<i>Sorghum Vulgare</i>) extact (sd.)	20 mg

fr. –Fruit lv. - leaves rt.- root

rz.- rhizme bl.- bulb fl. - flower

Reference- *Bhav Praksha Nighantu*

Liquid-

Each 10 ml contains-

Haldi (<i>Curcuma longa</i>) extract (rz.)	375 mg
Tulsi (<i>Ocimum sanctum</i>) extract (lv.)	125 mg
Neem (<i>Azadirachta indica</i>) extract (lv.)	30 mg
Garlic (<i>Allium sativum</i>) extract (bl.)	150 mg
Ajwain (<i>Trachyspermum ammi</i>) extract (fr.)	65 mg
Kalimirch (<i>Piper nigrum</i>) extract (fr.)	33 mg
Mulethi (<i>Glycyrrhiza glabra</i>) extract (rt.)	125 mg
Tej patta (<i>Cinnamomum tamala</i>) extract (lv.)	40 mg
Punarnava (<i>Boerhavia diffusa</i>) extract (rt.)	125 mg
Echinacea purpurea extract (fl.)	125 mg
Kanphool (<i>Taraxacum officinale</i>) extract (pl.)	50 mg
Giloy ((<i>tinospora cordifolia</i>)extract (rt.)	70 mg

Papaya (Carica papaya) extract (lv.) 30 mg

Jawara (Sorghum Vulgare) extract (sd.) 40 mg

fr. -Fruit lv. - leaves rt.- root

rz.- rhizome bl.- bulb fl. - flower

Reference- *Bhav Praksha Nighantu*

Indication- Flu & Viral Infections

Benefits:

- Effective against many types of viruses like covid-19, influenza A& B, hepatitis A&B, norovirus, HIV, HSV, HRSV, Rhinovirus, RSV etc
- Helps to inhibit the virus activity by preventing virus entry into the target cells.
- Helps inhibit virus replication
- Prevent the expression of viral protein
- Helps to increase white blood cell (WBC) count which combat infectious disease.
- Strengthen the immune system
- Helps combat antibiotic resistance
- Exhibits anti-inflammatory, antioxidant, anticancer, anti-microbial, anti-mutagenic, anti-dementic properties.

Dosage- One capsule Thrice a day or as directed by the Physician.

Other Information-

To be taken under medical supervision.

Keep the medicine out of reach of children

Non GMO, Soy free, Vegan, dairy free, Gluten free
